GOOSE COVE
 gardens

Welcome to the Spring of 2010,

This is the last year we will be mailing our brochure. Save a stamp and save a tree! We do have our website up and running so we can keep you in the loop. You can sign up for our e-mails and print a copy of the brochure at www.goosecovegardens.com. We will always have printed brochures here in our shop for those of you without a computer.

Abby, Danielle and Patti have also created a Facebook page for us. If you would like to share your gardening experiences with text or pictures please do.

This a great time of year to have your soil tested. I recommend that you test each year until your soil is in balance, then every five years. You can print a University of Mass Extention Service application off the web at www.umass.edu/plsoils/soiltest or you can call (413) 545-2311. It is the single most important thing you can do to be a successful gardener.

As always, plants will be offered for sale when they can be safely planted, (when night-time temperatures are warm enough). If you would like a weekly update telling you which plants are ready to go, sign up for our e-mails at our website, www.goosecovegardens.com.

"Tomato Release Day" will be May 26, 2010.

Opening Day is Saturday, April 17. We are open seven days a week. Our hours are 9-6.

We look forward to seeing you this (hopefully) dry and sunny Spring!

Barbara and your friends at Goose Cove Gardens

ANNUAL FLOWERS

| | |
|--------------------|----------------------|
| Ageratum | Heliotrope |
| Alyssum | Impatiens |
| Angelonia | Lisianthus |
